Nicôl Herris, President

The June Primary produced mixed results as we won and lost some races. Now, is the time for ALL of us to vigorously support and campaign for the Primary Elected Candidates to ensure a Win in November.

Many of us volunteered to work the polls where we gained valuable experience and will submit our Poll Worker Surveys to the Registrar of Voters.

Boots On The Ground was a successful operation during the June Primary Election. Sparks Republican Women, Mt. Rose Republican Women and Washoe Republican Women helped in walking precincts and calling for our school board candidates. We knocked on over 5,000 doors and made over 5,000 phone calls on behalf of our school board candidates. As a result, several of these races will have a November election.

There are numerous opportunities where we can step up to the plate and do more to ensure a RED WAVE VICTORY in November. Thank you for all you have done during this election cycle and look forward to working with you in the coming months.

With regret, the RWR Board accepted the resignation of RWR Recording Secretary Lynda Frieden. We appreciate all Lynda did for us and wish her well. We are looking for volunteers to fill several positions on the Board and committees and welcome your participation. Please contact Nicol if you are interested in filling one of the positions. Refer to list of Officers and Chairs for vacancies.

Wishing everyone a safe and fun 4th of July weekend and enjoy Summer!

Nicole Hervis, President Award

June's Presidential Award went to Susan McMurray. Susan has been a member of RWR since March 2021. Despite her relatively short membership tenure, she jumped right in and took over the very important position of RWR Webmaster. Under Susan's direction, the website has been overhauled and is now much more up to date. Examples are the insertion of important links to other Republican websites for information, and keeping our newsletters and flyers current on the site. She is also assisting in getting the RWR Facebook page in order. [Www.rwreno.org](http://www.rwreno.org).

Susan and her husband moved to Reno from St. Louis, MO in 2013. One of her enjoyable pastimes when not working on RWR matters is singing in her local church choir. Congratulations, Susan!

Connie Furlong, Caring for America

I want to thank all of you who ran for an office, whether you won or not. Thank you also goes out to all of the poll workers and those who maned the phones and walked door to door. GREAT JOB!

For those of you who have donations for Project 150 Reno, Military or Women and Children of the Sierras, my car will be parked in the back, 2nd entrance. It is a 2006 HHR Chevy with racing stripes. Color is red. the car is unlocked so you can just put your goodies inside.

Happy Fourth of July!

Debbie Hudgens, PAA

We all worked so hard to pull in all the votes we could for Republican candidates in the last few weeks of campaigning. The results were not all we wanted, we had many successes. School board, county commissioners, and others.

I needed a breather to catch up on some important life and home matters as I'm sure a lot of you did as well. While a break is much deserved, we can't rest for long. There is so much to do. We must finish the last leg of this race strong. The winning candidates need our help to get across the finish line and the competition to keep them from winning will be even stronger. A couple of SCOTUS judgements have put wind in our sails for the general election. It could be a very good year for Republicans.

Our next major event on the calendar is the Basque Fry. The event is August 13th and you can get early bird tickets here: https://www.morninginnevadapac.org/7th_annual_basque_fry

Thanks to all who have contributed in any way to help our candidates. It was not unnoticed. Our clubs are the backbone of the party and our effort to move Nevada to RED!

If you are interested in getting involved or coming to a Political Affairs and Activities meeting please contact Debbie Hudgens @ 925.222.8877 or debbie@debbiehudgens.com.

Kathy Doyle, Republican Women of Reno June luncheon Hosted

Dr. WEN CHEN, Public Speaker on Chinese Culture and Human Rights in China

The Republican Women of Reno (RWR) featured Dr. Wen Chen, public speaker on Chinese Culture and Human Rights, at their June 9 monthly luncheon meeting at the Atlantis Hotel and Casino in Reno. Dr. Chen gave a very compelling Power Point presentation on how the Chinese Communist Party (CCP) has been infiltrating the American economy, education system and culture through the years.

Dr. Chen was born in China after the Cultural Revolution. She came to the U.S. in 1994 for graduate studies and obtained a doctorate in biology from the California Institute of Technology. She became a U.S. citizen and has since toured the U.S. giving lectures to various civic organizations about Chinese culture, history, and human rights violations. Dr. Chen is an active member of the Amnesty International Chapter in Pasadena, CA, where she lives with her husband and two teenage daughters.

Dr. Chen's presentation at the RWR luncheon followed a May 25 exclusive screening in Reno of the award-winning film "Unsilenced," also sponsored by RWR. The movie was a powerful dramatic re-enactment of the true story about young Falun Gong activists, the brutal crackdown and torture of the group in 1999, and how some of them survived to tell their story.

RWR was pleased to have had the opportunity to sponsor these two events- one via film and the other in person – showing that the Chinese people are fighting back and encouraging us to never stop fighting back if we want to preserve our country.

Pictured L-R: Kathy Doyle, NvFRW Secretary and RWR E-Communications; Caroline Smith, NvFRW President; Dr. Wen Chen; Nicôl Herris, NvFRW 2nd VP and RWR President; Bev Stenehjem, RWR 1st VP.

Rebecca Degn, Fundraiser

The Primary's are over and we must come together as Republicans to help our conservative winners to be elected in November. I can't think of an election that has higher stakes and consequences than the November 2022 election. Our country is diametrically changing in a direction that our founding fathers would fear and mourn to see happening in America today. There are too many issues to mention to discuss and lament about in this newsletter. Instead, I will focus my energy and continue by actions to help our RWR Club educate and support our Republican members by continuing to fundraise.

As of this writing, we will host a Primary Victory party for the winners and all the volunteers who helped the candidates. It is important and necessary to appreciate the "Triumphs!" The profits will be used for slate mailers in November.

Fundraising committee is looking for members who are passionate about the RWR Organization and want to help raise funds. We sell baskets; have our profitable game, sell specialty wares (jewelry, clothes, patriotic themed gifts, etc...), host special events, and have a lot of fun together. This is a two- year term and we need members to step up and help!!

To find the meaning and purpose for our lives, we must care enough to create it.

RWR needs our members to care enough to do the work!!

National Federation of Republican Women

Political and Campaign Awards for 2022-2023

The National Federation of Republican Women (NFRW) is again sponsoring Political and Campaign Awards for 2022-2023. This award will be given out at the September 2023 NFRW Biennial Convention in Oklahoma City. RWR is such a powerhouse and a leader that I know we can win big with this award.

1. July 1, 2021 – December 31, 2021.

Joan Shoop, Revolutionary War Facts

There was an elite spy network called the Copper Ring. It had all the workings of modern day spying; invisible ink, cyphers and code names. George Washington was Agent 711. A female was Code 355. Her name remains a mystery to this day.

The Declaration of Independence was not signed on July 4, but on August 2nd, 1776. There were 56 delegates sent to the Continental Congress who signed the Declaration of Independence. The oldest was Benjamin Franklin, 70 years of age. The youngest was Thomas Lynch, Jr., age 26. George Washington did not sign the Declaration of Independence.

The Battle of Bunker Hill took place on June 17th, 1775. It actually took place nearby on Breed's Hill. There may be three reasons for this. General Prescott fortified the new bunker in the middle of the night choosing the wrong hill. Also, the maps used at that time often misidentified hills. Or it could have been chosen intentionally, as Breed's Hill was closer to where the British were positioned.

The famous oil painting "The Surrender of Lord Cornwallis by John Trumbull wasn't completed until 1820, and hangs in the Rotunda of the U.S. Capitol in Washington, D.C.

John Hanson was the first President of the United States from 1781 to 1782. He was born in Charles County, Maryland, in 1715 and died in 1783 and was a member of the Maryland house of Delegates from 1757 to 1781. He did not have the powers his successors did.

The role of the Presidency was poorly defined. (The final version of the Constitution didn't exist until the adoption of it in 1787.) He served largely as 'Chairman' of the Continental Congress for one year. He organized soldiers for the war, helped General Washington negotiate with the British, and held the nation together following the Revolution.

Maryland celebrates April 13 as John Hanson Day. His home has been made into a museum.

JULY 4TH 1776, JULY 4TH, 2022

Baseball, hot dogs, apple pie, and ice cream. Barbeques, fireworks, living the American dream.

Things were very different in 1776, with the threat of war looming over the Colonists. We are reminded of the sacrifices our Forefathers gave for our independence. It has been recorded; if Betsy Ross, in the privacy of her own home, had been discovered sewing the flag symbolizing the unity of the 13 colonies, she could have been arrested and found guilty of treason by the British.

New political parties, the fight for the Presidency, war and social issues divided families and friendships. There were new bonds forged, betrayals, ambition, human nature and the far-reaching consequences of the deep, strong issues of the times.

For most of the 1700's, the relationship with Great Britain was in peace and the Colonists were able to self-govern without interference from Parliament. However, Great Britain suffered enormous debt from and after the French and Indian War. They turned to the American Colonies to pay a fair share and in 1763, they began levying taxes. There were regulations over trade, representation and taxation. Reaching a boiling point in the spring of 1775, fighting began outside of Boston. The British tried to seize munitions at Lexington and Concord. The towns' militia were there with the Minutemen only intending a show of force. While dispersing, a shot was fired and the American War of Independence had begun.

Americans were attacked at Breeds Hill. George Washington assumed command of the Continental Army. After that, there were battles at Moore's Creek, Sullivans Island, Fort Ticonderoga. Then the British captured New York City, driving Washington and his army across New Jersey. British General John Burgoyne suffered a stunning defeat at Saratoga, New York, surrendering his entire field army. This was a turning point in the war, and the French signed a military alliance with the American Government in 1778.

Continued on next page

Continued from prior page

Battles continued up and down the coast. Washington regrouped his army at Valley Forge, the British garrison in Philadelphia, then consolidated their force in New York and Canada. With George Rogers Clark's victory at Vincennes, Indiana, the British surrendered a much larger force. In 1779, the British began to focus on conquering the South. They captured Savannah and Charleston, defeating General Gates where he surrendered his army. General Cornwallis moved across North Carolina and into Virginia. General Nathanael Greene captured most of South Carolina, forcing the British to coastal towns.

Summer, 1781: Gen. Marquis de Lafayette forced Cornwallis toward Yorktown and persuaded Washington to move the Continental Army from Connecticut to Virginia. A French fleet commanded by General Rochambeau also arrived in Virginia sealing all escape routes for Cornwallis. He surrendered his army to Washington on October 19, 1781, guaranteeing American independence.

Both sides waited while negotiations took place in Paris. The Treaty of Paris took place in 1783 - ending the War in favor of the Colonists. The Revolutionary War is embedded in our history of who we are today. Our Forefathers fought for liberty, freedom and ideals. They laid the groundwork to defeat a foreign power, created the most powerful military in the world and established a new nation.

In a poem, Francis Scott Key wrote:

"Oh say, does that Star Spangled Banner yet wave,
O'er the land of the free and the home of the brave?"
Let us be vigilant, fight and pray we never have to say, "It does not."
